

A Great Book That Should be in Your Library

From Soldiers to Settlers: The Carignan-Salières Regiment in Canada 1665-1668

From Soldiers to Settlers

The Carignan Regiment in Canada

PETER J. GAGNÉ

AFGS is proud to offer a wonderful book that all genealogists doing French-Canadian research should have in their library. This two-volume set, written in English, by Peter Gagné, is a treasure trove of historical, genealogical and biographical information. It is being offered for sale with the permission of the author who holds the copyright.

From Soldiers to Settlers: The Carignan-Salières Regiment in Canada 1665-1668 is a biographical dictionary of the almost 750 soldiers sent from France to help the French settlers who were being besieged by the Iroquois. They were active between 1665 and 1668. Some remained in Quebec when the regiment returned to France. This work gives an overview of the Regiment and then provides biographies of the soldiers. Mr. Gagne also includes men who, in the past, were assumed to be

soldiers but who were not. Mr. Gagne's sources are well documented. (The book is a wonderful read.) This 2-volume set also includes company rolls, religious ceremonies, a glossary, a bibliography and an index.

This book is extremely popular at our library. Many French-Canadians have multiple "Carignan-Salières" soldiers in their line. By popular demand, AFGS is offering a certificate and pin program to honor and recognize these very brave men.

This book may be purchased in our online store at <https://afgs.org/product/from-soldiers-to-settlers/> or by mail with this form.
